Authorisation Form

The Drake Memorial Park was created in 1942 as a lawned cemetery. Our founders intended to create a place of beauty with a natural, parkland feel. This was, and still is, in contrast to most other cemeteries where headstones and monuments form a rather different landscape.

People have chosen Drake Memorial Park for over 60 years because they appreciate its natural, uncluttered setting. It is vital that we preserve this distinctive identity. We need the support of every owner of burial rights, and visitor to the Park, to help us achieve this.

*We therefore advise that you read the formal Conditions of Grant printed overleaf and elaborated in the booklet "**Information for Prospective and Current Owners of Burial Rights**".*

If you have any questions or concerns, please feel free to discuss them with our Park Superintendent or his Deputy, either in person or by telephone on the number shown above.

I hereby request the purchase of a burial plot at Drake Memorial Park. I understand that each plot accommodates up to two family members.
